## Groups to Address - “Interest Groups”

- Christian Schools – Need to market their “service”
- Christian Universities -
- Churches
- Christian Bookstores
- Christian Business owners
- Christian Global Organizations in Educations
- Nonprofits

# Financing Model to generate Income SACLF

**#1**  
**School Board**  
**Training**  
**Four**  
**Disciplines of**  
**Execution**

# Example of Four Disciplines/7 Spheres of Influence

- **WIG-**

**The SACLF wants to change the way teaching curriculum is selected for the San Antonio school Districts. So they have decided to offer “School Board Training” for those who would like to run for public school board positions.**

**In order to accomplish this, SACLF needs the CHURCH to become active in letting members know of this opportunity.**

**In addition, all 7 SPHERES need to contact local PTA officers and members, known public Christian school teachers or principals, Christian Business leaders etc.**

# What are the leading indicators?

- **How many churches have the church table contacted each week to inform them of the opportunity/how many members are willing to sign up for the classes?**
- **How many business leaders have been contacted each week and informed of the opportunity?**
- **How many members of the SACLF of all SPHERES have contacted known PTA members, Christian organizations, PTA's, Teachers or school board members each week?**
- **These leading indicators will no doubt have a bearing on the outcome of the WIG**
  - **FOCUS, CONSISTENCY, LEADERSHIP, and ACCOUNTABILITY**
